## Thinking Out Loud: An Essay on the Relation Between Thought and Language

By Professor of Philosophy Christopher Gauker

Princeton University Press, United States, 2014. Paperback. Book Condition: New. 231 x 155 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Most contemporary philosophers, psychologists, and linguists think of language as basically a means by which speakers reveal their thoughts to others. Christopher Gauker calls this the Lockean theory of language, since Locke was one of its early exponents, and he contends that it is fundamentally mistaken. The Lockean theory, he argues, cannot adequately explain the nature of the general concepts that words are supposed to express. In developing this theme, Gauker investigates a wide range of topics, including Locke's own views, contemporary theories of conceptual development, the nature of reference and logical validity, the nature of psychological explanation, and the division of epistemic labor in society. The Lockean theory contrasts with the conception of language as the medium of a distinctive kind of thinking. Gauker explains how language, so conceived, is possible as a means of cooperative interaction. He articulates the possibility and objectivity of a kind of non-conceptual thinking about similarities and causal relations, which allows him to explain how a simple language might be learned. He then takes on the problem of logical...
