SCIENCE BIBLE: SUBJUGATION (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. (Book 1 of 3) This is a metaphysical sci-fi story. It is the middle of the 21st century and behind the facade of everyday life, there lurks another meaning. The Professor thinks it is a controlling force hacking the very control centre of the human mind. When Raith has a peculiar experience on a routine space mission, he undergoes a thorough medical examination. There are strange elements of memory existing in his mind. Does this relate to his unusual conception? Meanwhile, the Professor s organization under his guidance still pursues his controversial agenda. They launch a test to verify it. This is the first book in the series; it is a must read to understand the complex nature of the characters for succeeding books. This book is written in UK English.
